Base Period means the most recent four quarters in which Wage Credits were earned with the Employer as provided by the Employer. If an Employer does not have four quarters of wage detail information, the Employer must accept an Employee's certification of wage credits, based on the Employee's records. If the Employee does not provide certification of additional wage credits, the Employer may use a base period that consists of all available quarters. The base period is calculated once during the Benefit Year.

Notice to the Employee About Use of this Authorization

As you may know, the Paid Family And Medical Leave Act (PFML) permits an employer or leave administrator to contact an employee's Health Care Provider, with the employee's permission, for the purpose of clarifying or authenticating an otherwise complete and sufficient PFML medical certification. For PFML purposes, "clarifying" means to understand the meaning of a response or to understand the handwriting and "authenticating" means to provide the Health Care Provider with a copy of the medical certification to verify the information on the form.

To help streamline PFML administration and minimize the need to contact you during leave, we have developed the attached PFML Authorization. By signing the Authorization, you provide Standard Insurance Company (The Standard) permission to contact your Health Care Provider to clarify and/or authenticate medical certifications under PFML. You are not required to complete and sign the Authorization for The Standard to process your request for PFML leave. However, completing and signing the Authorization now may shorten the time it takes to clarify or authenticate a medical certification later.

If you decide to sign the Authorization now, you may still revoke it at any time. In addition, before contacting your Health Care Provider to clarify and/or authenticate a medical certification, we will notify you in writing and explain the: (1) specific reason(s) we want to clarify and/or authenticate the certification; (2) information required to clarify and/or authenticate the certification; and (3) time period within which you and/or your Health Care Provider must provide the information needed to clarify and/or authenticate the certification.

If you would like us to authorize now any future PFML clarification or authentication, please review the Authorization carefully and complete, sign and return the Authorization to the address above.

I authorize any physician, medical practitioner or Health Care Provider (referred to as "health provider") who has completed a medical certification form for _____ (patient name) to discuss with or disclose to STANDARD INSURANCE COMPANY, my health information needed to clarify statements or information provided by health provider on a medical certification form which had been completed by health provider.

- I acknowledge that any agreements I have made to restrict my protected health information do not apply to this authorization and I instruct my health provider to release and disclose without restriction information reasonably necessary to clarify or authenticate information provided on a previously completed medical certification form.
- I have the right to refuse to sign this authorization and a right to revoke this authorization at any time by sending a written statement to The Standard, 1100 SW Sixth Avenue, Portland OR 97204, except to the extent the authorization has been relied upon to clarify or authenticate information. A revocation of the authorization, or the failure to sign the authorization, may impair The Standard's ability to evaluate or process the request for leave of absence.
- I understand that in the course of conducting its business The Standard may disclose information to my employer regarding my leave of absence request and status, including a completed return to work authorization form.
- I understand that the information disclosed to The Standard pursuant to this authorization may be subject to redisclosure with my authorization or as otherwise permitted or required by federal or state law. Information retained and disclosed by The Standard may not be protected under the Health Insurance Portability and Accountability Act [HIPAA].
- I understand and agree that this authorization is valid for 12 months from the date signed below.
- A photocopy or facsimile of this authorization is as valid as the original and will be provided to me upon request.
